**COMPLETE END-TO-END CONTRACT LIFECYCLE SOLUTION**

Build your own process to review counter party terms, accurately assess contractual risks, manage approvals and generate automated risk reports –ensuring a consistent approach to your contract management. Our all-in-one tool reduces the time needed for contract generation and review, and fully integrates with DocuSign® for electronic signing.

**FULLY CUSTOMISED STATISTICS & REPORTS**

Our dashboard comes configured with your specified analytics and gives your legal team key insights in a visually appealing way. The “Build Your Own” functionality even allows you to create your own bespoke reports, then generate recurring reports in your preferred format with our Report Scheduling Feature.

**AI FOR CONTRACT ANALYSIS MANAGEMENT**

E:V®, our end-to-end AI contract analyst uses cognitive technology from IBM Watson® to help you achieve more with less. E:V® has been trained by senior commercial lawyers and uses machine learning and natural language processing to deliver higher levels of accuracy out of the box. E:V® can read, interpret, analyse and report on key contract information.

**SINGLE CONTRACT REPOSITORY**

Every contract record uploaded to the system has its own snapshot page which holds all contract information:

- Full vendor details
- Latest signed contract
- Audit trail for all versions
- Key obligations
- In-cycle activities/ negotiation
- Important dates

**AUTOMATED CONTRACT ASSEMBLY**

Our platform is powered by ContractPodAi® and comes fully configured with industry-leading features including:

- Template repository
- Clause library
- Template generator
- Workflow configurator
- Version manager
- Multi-format support
